## ELECTION OF DELEGATES AND ALTERNATE DELEGATES

### DEMOCRATIC PARTY

Under the Democratic Delegate Selection plan adopted for the March 16, 2004 General Primary, Democratic Delegates and Alternate Delegates are elected in proportion to the percentage of the primary vote won in that district by each Presidential Preference candidate, except that preferences falling below a 15% threshold are not awarded any delegates or alternate delegates in the district. In order to ensure that district- level delegates are equally divided between men and women, the Delegate Selection Plan specified the number of each gender to be elected in the district. The candidates elected at the March Primary under this plan are indicated by (WON) next to their names.

The Democratic Party elected 102 Delegates and 19 Alternates.

### REPUBLICAN PARTY

The election of Republican Delegates and Alternate Delegates is based solely on the individual delegate's or alternate delegate's vote totals. The candidates elected are indicated by (WON) next to their names.

The Republican Party elected 60 Delegates and 60 Alternates.
